To Our Patients,

Due to the increased documentation requirements by the Affordable Care Act, Family and Medical Leave Act (FMLA) and other federal and insurance requirements we have incurred additional cost to complete the forms, research and provide copies of medical records and other administrative activities. It has become necessary to share the burden of these costs with our patients.

The following forms will be completed without any charge to our patients:

- FMLA and disability forms prior to scheduled inpatient or outpatient surgery.
- Work/School excuses and notes created by our office.
- Home school documentation.
- Preauthorization forms for prescription, medical devices, or surgery.
- Copies of medical records to process insurance claims or forwarded to another physicians office for ongoing medical care.

There will be a \$15.00 fee for completion of the following documents:

- FMLA forms for patient and/or spouse/significant other not associated with surgical procedure.
- Updated FMLA forms (except to correct errors or a simple change of date).
- Disability applications or forms.
- Renewal of disability claims.
- Copies of medical records sent to disability insurance companies and other providers not associated with ongoing medical care.

We request that the fee for completion be paid prior to completion of the forms. Insurance companies do not usually cover these costs.

Records requested by outside agencies (i.e., worker's compensation, attorneys, etc.) will also be charged additional fees per page in accordance with state law.

We regret the need to charge these fees, but the costs for providing this service has been increasing and we can no longer bear the burden alone.

Respectfully,
SWHC Administration
